Subject: Draft Minutes for 2019 SACATM meeting

Good morning, all,

Please find attached the draft minutes from September's SACATM meeting. Please review the sections associated with your presentations and let me know if I have captured your comments appropriately. As each of you only has a short section to review, please provide any comments back to me by COB 23 Dec so that I may modify over the holiday.

Thanks so much for your participation at SACATM and for this rapid review. There were many positive comments at the meeting regarding the quality of the science and presentations at the meeting. Thank you for making this meeting a success.

Best wished for a happy holiday season!
